

**PRESS RELEASE**

## **THE MILLER PLAN**

### **A HERCULEAN JOURNEY FOR VOTING INTEGRITY BY A WASHINGTON ENGINEER**

**OLYMPIA, WA - September 28, 2020:**

Freedom Washington is calling on all citizen voters of the great State of Washington to become acutely aware that the most sacred right of our citizenship is the right to vote and that we are empowered by the State Constitution to ensure that our voice is heard through the election process.

The Constitution of the State of Washington, Article I, Declaration of Rights, Section 19, *Freedom of Elections*, states the following:

*All Elections shall be free and equal, and no power, civil or military, shall at any time interfere to prevent the free exercise of the right of suffrage.*

Freedom Washington introduces today The Miller Plan.

#### **The Miller Plan - a foolproof plan to enforce Election Integrity**

Washington citizens are the only people eligible to participate in the Washington State election process, per Washington State Constitution and U.S. Constitution. Washingtonian votes need to be accounted for *accurately and free of any interference*.

The Miller Plan requests that the Secretary of State (SOS) of Washington, Kim Wyman, to accommodate a *common sense, no-cost* and multi-partisan citizen volunteer-based participation to the 2020 election process.

#### **The Miller Plan is ready for all Washington citizen voters**

Details of The Miller Plan have been sent to the SOS office, all the Auditor Offices and all Washington elected officials, as well as candidates running for public service in the 2020 election, state and federal.

Freedom Washington was recently launched in 2020 by a group of Washington citizens, from different political affiliations, seeking to ensure that all Washington citizen voters do have the right to free and fair elections as provided for in the Washington State Constitution.
